Music For Relief on Vans Warped Tour!

Music for Relief is out on the Vans Warped Tour this summer as an official non-profit partner! Over the 46 tour dates over 100 MFR volunteers will reach out to an estimated 20,000 fans per tour date. We will all be working together to fundraise for MFR's current project SEND DIRT to save the depleting Louisiana Wetlands. Thanks to Revenge Is..., a cause based apparel company committed to social activism, MFR volunteers, staff, and supportive touring band members will be wearing specially donated SEND DIRT t-shirts. These eco-friendly Revenge Is... shirts are made from a unique, super soft blend of organic cotton and recycled plastic bottles that promote environmental responsibility while inspiring concert attendees to get involved in MFR causes. Thank you to our supporters, and to Revenge Is... for donating these amazing SEND DIRT shirts! If you plan to attend the 2009 Vans Warped Tour this summer visit the Music for Relief booth for a chance to Dirt dive and win back stage passes to the show!
