The Hybrid Mug from Revenge Is... holds hot and cold beverages, maintaining temperature for up to six hours. The mug is made with stainless steel and holds up to 14 ounces of liquid.

The Hybrid has a screw cap with a push button that allows sipping from every angle. It has a second safety cap to prevent spillage. There is also a travel case so the mug can be packed until needed.

There is also a loose tea holder that can be removed. The mug is BPA-free and hand-wash only.

Cost: \$18.95, available at [RevengeIs.com](#)
