## Revenge Is... Saving The Earth

POSTED BY **VERA**, APR 14, 2009 AT 09:37 AM

Revenge Is's new line of tees..launching just time for Earth Day. Made of [recycled plastic bottles](#) and organic cotton, these eco tees are super soft and comfy, plus deliver an important and timely message.

### "Revenge Is.. Saving the Earth..."

**REVENGE IS** embraces the notion that very small steps, like using a re-usable mug or a Carry Bag made from [recycled](#) water bottles, CAN make a difference and may be a key component to achieving a [sustainable environment](#).

After decades of abuse to our planet and society, REVENGE IS aims to provide an outlet and forum for people to voice their concerns and do something about them.

The tee's are extremely comfortable and have an amazing fit, but most importantly - made out [recycled plastic bottles](#) and organic cotton!!!
