Jennifer Lopez dining at a low-key restaurant in New York City last Tuesday with famed footwear designer **Christian Louboutin** to discuss the pair of red-soled-heels that he designed exclusively for J.Lo to wear during her not-so-smooth American Music Awards performance on Sunday.

Josh Duhamel sipping Bedell Cellars Chardonnay while **Anna Paquin** sampled Corey Creek's Rose in Greenport, NY last Tuesday.

Giuliana Rancic at the "Revenge Is... All Love Is Equal" t-shirts party at Kitson West Hollywood on Thursday night, with proceeds from the sale of the shirts helping fund the campaign to secure signatures required to add the Repeal Prop 8 initiative to California's ballot.

Kristin Cavallari drinking coconut water and running errands outside her Los Angeles home on Friday.

"Seinfeld" alum **Jason Alexander** dining at Strip House inside Planet Hollywood Resort & Casino on Friday evening before joining Holly Madison on stage in a cameo for PEEP SHOW.

Robin Thicke performing at The Bank Nightclub at Bellagio Las Vegas on Saturday for a crowd that included his wife, Paula Patton and newcomer singer/songwriter **Kaci Battaglia**, who performed after Thicke later in the evening.

Paula Abdul (along with her assistants and two dogs) picking up freebies at the American Music Awards Luxury Lounge and of course talking trash about **Simon Cowell** when she picked up the new Nokia Twist. When she saw the mirror on the back she couldn't help but say it was perfect for him so he could check himself out and then mimicked him doing so. Paula mentioned that it was the perfect phone for Simon because it has a mirror on the back of it.
